Whereas Aridhia has entered into an Agreement with [the Controller] / [] to provide its DRE service (“the Service”) to [the Controller] / [] for the purpose of [], [Controller has entered into an arrangement with [] to allow Controller to access the Service, for the purpose of []] and it is appropriate for Aridhia and Controller to enter into a data processing agreement in relation to processing of Controller Data within the Service, the parties agree as follows –

1. Interpretation

The definitions and rules of interpretation applicable to this Agreement are set out in Clause 3.

2. Data

- 2.1. Each party will comply with all applicable requirements of the Data Protection Legislation. This clause 2.1 is in addition to, and does not relieve, remove, or replace, a party’s obligations or rights under the Data Protection Legislation.
- 2.2. The Controller will be responsible for all data introduced by it into, used by it in, or extracted by it from, the Service. Aridhia will have no rights to, or liability for, such data, except as accepted in this Agreement or imposed by law.
- 2.3. The parties acknowledge that for the purposes of the Data Protection Legislation, in respect of any Controller Personal Data, the Controller is the data controller and Aridhia is the data processor (where data controller and data processor have the meanings as defined in the GDPR).
- 2.4. Aridhia shall, in relation to any Controller Personal Data:
 - 2.4.1. process that Controller Personal Data taking into account the subject matter, duration, nature, and purpose of the processing, plus the type of personal data and categories of data subjects, specified in Part 1 of the Schedule to this Agreement.
 - 2.4.2. process that Controller Personal Data only on the written instructions of the Controller, including with regard to transfers to a third country or international organisation, unless Aridhia is otherwise required by UK Data Protection Legislation to process that Controller Personal Data. In such circumstances Aridhia shall inform the Controller of that legal requirement before processing, unless that law prohibits provision of such information on important grounds of public interest. For the avoidance of doubt, this Agreement constitutes written instructions to Aridhia to process the Controller Personal Data to enable Aridhia to operate and provide the Service;
 - 2.4.3. ensure that it has in place appropriate technical and organisational measures to protect against unauthorised or unlawful processing of Controller Personal Data and against accidental loss or destruction of, or damage to, Controller Personal Data, appropriate to the harm that might result from the unauthorised or unlawful processing or accidental loss, destruction or damage and the nature of the data to be protected, having regard to the state of technological development and the cost of implementing any measures (those measures may include, where appropriate, pseudonymising and encrypting Controller Personal Data, ensuring confidentiality, integrity, availability and resilience of its systems and Service, ensuring that availability of and access to Controller Personal Data can be restored in a timely manner after an incident, and regularly assessing and evaluating the effectiveness of the technical and organisational measures adopted by it);

- 2.4.4. ensure that all personnel who have access to and/or process Controller Personal Data are obliged to keep the Controller Personal Data confidential;
- 2.4.5. assist the Controller, at the Controller's cost, in responding to any request from a data subject and in ensuring compliance with its obligations under the Data Protection Legislation with respect to security, breach notifications, impact assessments and consultations with supervisory authorities or regulators;
- 2.4.6. notify the Controller without undue delay on becoming aware of a Controller Personal Data breach. Aridhia shall provide Controller with at least the following information:
 - 2.4.6.1 A description of the nature of the Controller Personal Data breach, including, where possible, the categories and approximate number of data subjects concerned and the categories and approximate number of Personal Data records concerned.
 - 2.4.6.2 The name and contact details of the Data Protection Officer or other contact point where more information can be obtained.
 - 2.4.6.3 A description of the likely consequences of the Personal Data breach.
 - 2.4.6.4 A description of the measures taken or proposed to address the Personal Data breach, including, where applicable, the measures to mitigate its possible negative effects.

Insofar as it is not possible to provide the information at the same time, it shall be provided in phases without undue further delay.
- 2.4.7. in anticipation of termination of this Agreement either return or delete the Controller Personal Data, unless required by Data Protection Legislation to continue to store the Controller Personal Data; and
- 2.4.8. maintain complete and accurate records and information to demonstrate its compliance with its obligations under this Agreement and allow for audits by the Controller or the Controller's designated auditor.
- 2.5. Aridhia is permitted to process the Service Data, where appropriate by anonymising it and (where applicable following such anonymisation) aggregating it with other data sources in connection with Aridhia's development of its products, strategies, or Service or any further purpose related to Aridhia's business, including for analytics, marketing, research, development, and benchmarking purposes. For the avoidance of doubt, following such anonymisation, the derivative data shall not be considered to be Personal Data for which Aridhia is the data processor on behalf of the Controller.
- 2.6. Except with the prior approval of the Controller, Aridhia will not engage any sub-contractor to process the Controller Personal Data. Any sub-contractor engaged will comply with the data protection provisions set out in this Agreement and Aridhia shall remain liable to the Controller for any breach of such provisions by the sub-contractor. Approved sub-contractors as at the date of this Agreement are listed in Part 2 of the Schedule.
